## Local Government Finance Circular No. 4/2020

Chief Executives and Directors of Finance of  
Scottish Local Authorities

Chief Executive, Convention of Scottish Local  
Authorities (COSLA)

Our ref: A27546459  
30 March 2020

Dear Chief Executive/Director of Finance

1. **LOCAL GOVERNMENT FINANCE (SCOTLAND) ORDER 2020 - SETTLEMENT FOR 2020-21 AND REDETERMINATIONS FOR 2019-20**
2. **LOCAL GOVERNMENT CAPITAL ALLOCATIONS 2019-21**
3. **NON-DOMESTIC RATES FOR 2020-21**

1. The Scottish Parliament debated and approved the revised Local Government Finance (Scotland) Order 2020 on 24 March. This Order provides the statutory authority to pay the General Revenue Grant (GRG) for 2020-21, and the changes made to amounts payable to each authority for 2019-20 since the 2019 Order, which have now been paid.

2. This Circular provides a summary of the 2020-21 figures (and the revised revenue allocations for 2019-20) which have been updated from those contained in Local Government Finance Circular No. 2/2020. The total 2020-21 revenue funding totals remain unchanged from Finance Circular 2/2020, however the distributable amount of Non Domestic Rates has reduced by £971.970 million due to the package of measures announced on 18 March to support businesses impacted by COVID-19, with a corresponding increase in the General Resource Grant. It should be noted that additional COVID-19 related funding is not included in the figures in this Circular and will be notified separately and either paid directly or included as redeterminations of the 2020-21 settlement.

3. The Cabinet Secretary for Finance wrote to all 32 local authorities on 6 February providing details of the proposed settlement, and again on 27 February to include additional resources following Stage 1 of the Budget Bill. The Scottish Government requires local authorities to deliver on the full package of agreed measures as set out in the offer letters, including the shared priorities which will improve outcomes for local people.

4. The total overall funding package for 2020-21 includes:

- An additional £95 million General Revenue Grant added at Stage 1 of the Budget Bill;
- An additional £15 million Specific Capital Grant funding for Cycling, Walking, and Safer Streets also added at Stage 1 of the Budget Bill;
- The flexibility to increase Council Tax by 3% in real terms, which equates to 4.84% next year;

- £201 million revenue and £121.1 million capital to support the expansion in funded Early Learning and Childcare (ELC) entitlement to 1,140 hours by 2020;
- In addition to the £160 million available in 2019-20, a further £100 million to be transferred from the health portfolio to the Local Authorities for investment in health and social care and mental health services that are delegated to Integration Authorities under the Public Bodies (Joint Working) (Scotland) Act 2014. This brings the total transferred from the health portfolio to support health and social care integration to £811 million in 2020-21. The additional £100 million for local government includes a contribution to continued delivery of the real Living Wage (£25 million), uprating of free personal and nursing care payments (£2.2 million), implementation of the Carers Act in line with the Financial Memorandum of the Carers Bill (£11.6 million), along with further support for school counselling services whether or not delegated under the Public Bodies (Joint Working) (Scotland) Act 2014 (£4 million);
- Baselineing of the £90 million added at Stage 1 of the Budget Bill for 2019-20;
- The ongoing £88 million to maintain the pupil:teacher ratio nationally and secure places for all probationers who require one under the teacher induction scheme;
- Provision for the Teachers Pay (£156 million) and Pensions (£97 million);
- £5.3 million for Barclay implementation costs; and
- A new capital £50 million Heat Networks Early Adopters Challenge Fund to support local authorities who are ready to bring forward investment-ready heat networks.

5. Alongside the funding set out in this Circular it should be noted that there are a number of further funding streams outwith the local government finance settlement for particular policy initiatives which benefit local government services. Table 6.15 in the Scottish Government's "Budget Document: 2020-21", which was published on 6 February 2020, provides further details of these funding streams.

6. The various parts and annexes to this Circular, listed below, provide more of the detail behind the calculations.

Part A:- Local Government Finance Settlement – Revenue: 2020-21 and changes in 2019-20;  
 Part B:- Local Government Finance Settlement – Capital: 2020-21 and changes in 2019-20;  
 Part C:- Non-Domestic Rates for 2020-21.

7. The various Annexes included in this Circular are as follows:

Annex A: All Scotland Aggregated Funding Totals 2019-21;  
 Annex B: Individual Revenue Allocations for 2020-21;  
 Annex C: Revised Individual Revenue Allocations for 2019-20;  
 Annex D: Explanatory Notes on the Revenue Distribution;  
 Annex E: Estimates of Ring-Fenced Grant Revenue Funding for 2020-21;  
 Annex F: Floor calculation for 2020-21;  
 Annex G: Redeterminations of Individual Revenue funding for 2019-20;  
 Annex H: 2008-21 Changes Column;  
 Annex I: General Capital Grant and Specific Capital Grants for 2020-21;  
 Annex J: Revised General Capital Grant and Specific Capital Grants for 2019-20;  
 Annex K: General Capital Grant – Flood Allocations Per Local Authority 2020-21; and  
 Annex L: Total Local Government Funding Settlement for 2020-21

**Part A: Local Government Finance Settlement - Revenue: 2020-21 and changes in 2019-20**

8. This Finance Circular sets out the distribution of revenue funding allocations for 2020-21 and 2019-20. **Annex A** of this Circular sets out the all-Scotland aggregate totals for 2019-21

9. **Annexes B and C** set out the distribution of the total revenue funding allocation between councils and the allocation of the different elements (General Revenue Funding, Non-

Domestic Rate Income and estimated Ring-Fenced Revenue Grants) for each council for 2020-21 and 2019-20. The basis behind the grant distribution methodology is as recommended in the report from the Settlement and Distribution Group (SDG) and as agreed by COSLA Leaders and Scottish Ministers. The explanatory notes contained in **Annex D** explain the basis behind the calculation of the individual council grant allocations.

10. **Annex E** gives a breakdown of the individual council shares of all the estimated Ring-Fenced revenue grant allocations for 2020-21.

11. The calculation and effects of the main floor adjustment for 2020-21, which provided councils with a maximum decrease in funding of 0.44%, is set out in **Annex F** of this Circular. The setting of the floor is in line with the revised arrangements agreed following the SDG review of the floor methodology.

12. This Circular confirms that the calculation behind the **85% funding floor** applied in 2019-20 has been retained for 2020-21. The methodology compares total revenue funding plus local authorities assumed council tax income and any council whose total support under this method falls below 85% will be topped up to ensure that all councils receive 85% of the Scottish average total revenue support per head.

13. The changes to the 2019-20 GRG figures since Local Government Finance Circular 2/2019 are set out in **Annex G**

14. **Annex H** summarises the column within the settlement titled 2008-2021 Changes Column.

## **Part B: Local Government Finance Settlement – Capital Grants 2020-21**

15. In 2020-21 the Local Government Settlement provides capital grants totalling £778.141 million. This is made up of General Capital Grant totalling £467.937 million and Specific Grants totalling £310.204 million.

16. **Annex I** sets out the distribution for the General Capital Grants per local authority for 2020-21. This includes the additional £15 million in respect of the Cycling, Walking and Safer Streets specific capital grant (shown separately) and the redistribution of the Strategic Waste Fund former ring-fenced capital grant included in the General Capital Grant allocations as requested by COSLA.

17. **Annex J** sets out the revised distribution for the General Capital Grants per local authority for 2019-20.

18. **Annex K** sets out the allocations within the General Capital Grant for flood schemes for 2020-21

19. **Annex L** summarises the Local Government Finance Settlement for 2020-21.

## **Part C: Non-Domestic Rates for 2020-21**

20. The Distributable Amount of Non-Domestic Rates Income for 2020-21 has been set at £1,868.030 million. This represents a decrease of £971.970 million in the figure set out in Local Government Finance Circular 2/2020 and is a result of the non-domestic rates measures announced on 18 March 2020 as part of a package of support to support businesses impacted by COVID-19. This revised figure continues to use the latest forecast of net income from non-domestic rates in 2020-21. The figure incorporates the Scottish Fiscal Commission's estimate of the contributable amount and includes a calculation of gross income; expected losses from appeals; estimated expenditure on mandatory and other reliefs; write-offs and provision of bad debt together; and estimated changes due to prior year adjustments. The distribution of Non-Domestic Rates Income for 2020-21 continues to be based on the each council's 2019-20 Mid-

Year Estimates. General Revenue Grant provides the guaranteed balance of funding. This method of allocation provides a clear presentation of the Non-Domestic Rates Income per council and transparency in the make-up of council funding.

21. The 2020-21 Non-Domestic Rate poundage rate has now been confirmed at 49.8p, which delivers a below-inflation increase for the second consecutive year.

22. The Scottish Budget 2020-21 also introduced the following policies:

- Properties with a rateable value (RV) above £95,000 will continue to be charged the Higher Property Rate (formerly the poundage plus the Large Business Supplement) of 2.6p on top of the poundage;
- Properties with an RV of between £51,000 and £95,000 will now only be charged an additional 1.3p on rates on top of the standard poundage. The introduction of this Intermediate Property Rate will improve the progressivity of the system and reduce rates liabilities for around 9,500 medium-sized properties by 1.3p, or 3 per cent;
- An extension of 100 per cent relief for Enterprise Areas to 31 March 2022;
- An amendment to the reset period for Empty Property Relief from 6 weeks to 6 months, as recommended by the Barclay Review;
- The restriction of the Small Business Bonus Scheme (SBBS) to occupied properties;
- The introduction of a 70-day requirement of actual letting for a self-catering property in order to be considered non-domestic and liable for NDR rather than council tax, as recommended by the Barclay Review;
- The introduction of a new 100 per cent relief for Reverse Vending Machines from 1 April 2020, which will assist retailers in the context of the Deposit Return Scheme and supporting efforts to tackle climate change; and
- The guarantee of district heating relief until 2032 in order to provide certainty to investors.

23. The Scottish Budget 2020-21 maintains the following relief policies:

- SBBS, with the threshold for 100% relief remaining at £15,000, so that the overall scheme is applicable as per the table below. This relief does not constitute de minimis aid under EU State aid rules.

<b>Combined rateable value (RV) of all properties</b>	<b>2020-21 relief</b>
Up to £15,000	100%
£15,001 to £18,000	25%
£18,001 to £35,000	25% on individual property each with rateable value up to £18,000 *

\* A ratepayer with multiple properties with a cumulative RV between £15,001 and £35,000 can be eligible for 25% relief for individual properties each with RV up to £18,000.

- The Business Growth Accelerator which ensures that new build properties are not liable for rates until 12 months after first occupation and any rates bill rises due to improvements to or the expansion of existing properties will not take effect until 12 months after those changes are made to the property;
- Transitional Relief through until 2021-22, which caps annual rates bill increases at 12.5 per cent in real terms (14.4% cash terms) for 2020-21 for Aberdeen City and Aberdeenshire offices and for hospitality properties (with a rateable value up to £1.5 million in 2020-21) across Scotland;
- Day Nursery Relief for all standalone nurseries in the public, private and charitable sectors;
- New Fibre Relief for all new fibre infrastructure for telecommunication;
- relief for mobile masts in selected geographic locations; and
- Fresh Start Relief, which offers 100 per cent relief for all reoccupied properties that have been empty for six months.

24. Some of these measures will be awarded under the EU State Aid de minimis regulations, which are currently assumed to continue irrespective of the terms of any future trading relationship with the European Union. Councils may also offer their own local reliefs under the Community Empowerment (Scotland) Act 2015.

25. On 18 March 2020, the Cabinet Secretary for Economy, Fair Work and Culture announced a £2.2 billion package of support as a result of COVID-19 to support businesses from 1 April 2020 for a year. Specifically:

- All properties across Scotland will be eligible for a 1.6% rates relief, effectively reversing the planned uplift in the poundage for 2020-21.
- Retail, hospitality and leisure properties will be eligible for 100% rates relief.
- The rateable occupiers of small businesses in receipt of Small Business Bonus Scheme relief (SBBS) or in receipt of Rural Relief on 17 March 2020, or eligible for SBBS and in receipt of either Nursery Relief or Disabled Relief on that date, will be eligible for a one-off £10,000 grant.
- The rateable occupiers of retail, hospitality and leisure properties with a rateable value between £18,000 and £51,000 will be eligible for a one-off grant of £25,000.
- These measures supersede the announcement on 14 March by the Scottish Government of 75% rates relief for retail, hospitality and leisure sectors with a rateable value of less than £69,000 from 1 April 2020; grants of at least £3,000 to small businesses in sectors facing the worst economic impact of COVID-19 and a fixed rates relief of up to £5,000 for all pubs with a rateable value of less than £100,000 from 1 April 2020. Those measures no longer apply.

26. The European Commission announced a number of temporary State aid measures to help with the financial pressures businesses face as a result of COVID-19. The Scottish Government will work with our UK Government counterparts to ensure these measures can be adapted to help Scottish Businesses where possible.

27. On 5 February 2020, the Non-Domestic Rates (Scotland) Bill completed Stage 3 of its Parliamentary process. It delivers a number of the recommendations of the Barclay Review that require primary legislation including:

- Three-yearly valuations from 2022 to ensure that valuations are more closely aligned to current market values;
- A two-stage appeals system (proposal and appeal) to improve the administration and timeliness of the appeals system;
- Greater information-gathering powers for assessors and a new civil penalty for non-provision of information in order to increase 'right first-time' valuations and improve ratepayers' trust in the rating system;
- A new civil penalty for non-provision of information to councils or failure to notify a change in circumstances;
- The power to introduce general anti-avoidance regulations in order to improve fairness for all;
- The power for ministers to introduce statutory guidance on discretionary sports relief; and
- A level playing field between different sectors, such as public and private schools by removing charitable rates relief from mainstream independent schools, whilst retaining the relief for independent special schools and specialist independent music schools - due to commence on 1 September 2020.

28. Details of the Business Rates Incentivisation Scheme (BRIS) outcome for 2018-19, and revised targets for 2019-20 and provisional targets for 2020-21 will be confirmed shortly in a separate circular.

## Enquiries relating to this Circular

29. It should be noted that a few of the figures in this Circular may be marginally different because of the roundings. Local authorities should note that if they have any substantive specific enquiries relating to this Circular these should, in the first instance, be addressed through COSLA. We have given an undertaking to respond to these queries as quickly as possible. Contact details for COSLA are:

The explanation of each of the columns within the tables at Annex B is as follows:

**Column 1** – represents the updated on-going service provision and includes the following combined information: (i) the Grant Aided Expenditure (GAE) assessments; (ii) the Special Islands Needs Allowance (SINA); (iii) each council's individual share of the on-going revenue grants which have been rolled up into the core local government finance settlement; (iv) each council's share of all the baselined redeterminations since Spending Review 2007; and the previous loan charge adjustment.

**Column 2** – is the new combined total, non-ring-fenced, changes in general provision resulting from Spending Reviews 2007, 2010, 2011, 2013, 2015 and budget revisions for 2016 - 2021 allocated pro-rata to each council's share of GAE plus SINA.

**Column 3** – represents the share of the loan charges support for outstanding debt and the same level of on-going PPP level playing field support. The methodology for calculating Loan Charge Support (LCS) and support for Public Private Partnership (PPP) projects (level playing field projects only (LPFS)) is set out on Annex H of Finance Circular 2/2011.

**Column 4** – is the main floor adjustment which has been calculated using the revised methodology agreed following the 2018 review.

**Column 5** – this is the net revenue expenditure recognised by the Scottish Government and represents the sum of columns 1 to 4.

**Column 6** – is the assumption of the amount of Total Estimated Expenditure to be funded from the council tax. Any changes are as a result of buoyancy or projected numbers of properties, as well as the estimated additional council tax income to be collected and retained by each local authority as a result of the changes to bands E to H.

**Column 7** – is each council's share of the on-going Ring-Fenced Grants for Gaelic, Pupil Equity Fund, Criminal Justice Social Work, Early Learning and Childcare and Support for Ferries.

**Column 8** – is each council's share of the estimated non-domestic rate income which has been distributed proportionately on the basis of council's 2019-20 mid-year income.

**Column 9** – is the balance of funding provided by means of general revenue funding and is calculated by deducting columns 6, 7 and 8 from the Total Estimated Expenditure in column 5.

**Column 10** – represents the total revenue funding available to each council in 2020-21.

**Column 11** – is the 85% floor adjustment which has been calculated to meet the Scottish Government's commitment to ensure that no Local Authority receives less than 85% of the Scottish average per head in terms of revenue support.

**Columns 12** - is the revised total funding including all the changes and the 85% funding floor adjustments

**To Note:** These figures are provisional and represent the current best estimates.

The correct allocations for Support to Ferries for 2019-20 were £5.3 million for Orkney Islands and £5.2 million for Shetland Islands.

The actual allocation of these specific revenue grants will be notified to the relevant local authorities in due course by the relevant Policy Team.
