

Voluntary Extension of PREVENT1 to Registered Social Landlords

Introduction

We have been approached by a group of Registered Social Landlords (RSLs) which wishes to submit homelessness prevention/ housing options (PREVENT1) data to the Scottish Government on a voluntary basis. The purpose of this paper is to explain how RSLs can do this.

What is PREVENT1 Data?

The data specification for PREVENT1 data can be found at:

<http://www.tinyurl.com/prevent1>

This gives the final version of the data specification detailing all questions which form PREVENT1. The page also includes sample XML data and the XSD schema which covers the majority of the data validations. The XML data contains all the PREVENT1 information and this is the file which is passed to the Scottish Government quarterly.

RSLs may wish to use an IT Provider to incorporate the PREVENT1 questions into their own IT systems and to produce the XML data extract for the Scottish Government.

We can only accept data which meets the PREVENT1 data specification.

Are there any changes to the data specification for RSLs?

Yes. For the variables Uniqueld and LACODE, RSLs should find their organisation listed in [Annex A](#) and use these values instead.

In addition, we would recommend that RSLs record National Insurance Numbers (NINOs) where possible. These are encrypted at the point of data submission for security. By using NINOs links with the homelessness data collection (HL1) can be made and we can also identify repeat approaches.

Which IT Providers are supporting PREVENT1?

Following a survey of local authorities, the following IT providers are providing PREVENT1 solutions:

Abritas, Advice Infrastructure, AVD Computing, Capita, Civica, Fujitsu Services, Northgate and HIS database – developed by City of Edinburgh Council & Nicework Ltd.

Where possible, we would recommend that PREVENT1 is built into existing systems to avoid the burden on staff of double entry of data.

Once we start collecting data, how do we submit it to the Scottish Government?

Please contact homelessness_statistics_inbox@scotland.gsi.gov.uk in order to receive a login to the ProcXed data exchange system. Once you've received a login, we'll send you details of how to upload your data via the ProcXed website. Data should be submitted in quarterly instalments.

Are there any additional resources available to help RSLs fund the implementation of PREVENT1?

Unfortunately no. Submission of PREVENT1 data by RSLs is purely voluntary.

What is the benefit to RSLs?

The Scottish Government will automatically produce standardised reports and send these back to RSLs. These reports are calculated on a consistent basis across all PREVENT1 data providers. RSLs will then be able to use these reports to benchmark themselves against others using the PREVENT1 system.

Will PREVENT1 data be shared with other organisations?

Under the Code of Practice for Official Statistics, no data will be published which could potentially identify an individual. In addition, PREVENT1 data providers will only receive automatic reports covering the data which they themselves have submitted.
