Dear Sir ,

I am responding to this document as one of the 2 Health Promoting Schools co-ordinators in Boroughmuir High School and also as the acting Principal Teacher of Home Economics.

I strongly agree that we must improve the health and nutrition of Scotlands children and we must do everything in our power to do so. It would be helpful if schools were able to “practice what we preach” as we Home Economists have being advocating this for a long time.

Your Sincerely

Frances M Duffy
