ROSS-SHIRE

See no 01862-894308.

IV19 174.

Attended Consultation meeting in Ramada
Janus Hotel, Inverness, 4th Dec. 2006.

Apologies for not sending detailed response
and comments, but I am in hospital
and do not have access to my notes
from the meeting.

Trusting my memory, I found all speakers
informative.

Speakers Molly Robertson - excellent

Dr Sara Davis - excellent

Molly Robertson

(Scottish Executive Health Dept.)

Covered all topics that I was
concerned about.

Alastair Thompson -

Highland Council

In the interest of every day
public health concerned about
the litter collections being out
back. And the fact that brown dusts
and mice are on the increase.

As a member of Red +. Jan Community Council

and Initiative Group Royal Burgh of Lanark
I welcome the proposal for re-revised Public
Health Legislation in Scotland.

I would welcome any further papers you
have that I could read.

Again, apologies for not replying sooner
but accept that I am in hospital,
and am doing my best to write these
few lines.

Yours faithfully,
Johnna Donaldson.

May I write to you when I return
home if I find issues / comments
that I wish to bring to your attention
