Subject: SPWG report consultation

This email has been received from an external party and has been swept for the presence of computer viruses.

I am responding as an individual (and a public health professional); my response and details can be made public and shared within SE.

I support recommendation 31. It therefore follows that I support all the other recommendations (that are not otherwise being progressed) being considered as part of the development of an action plan.

Dr David S Gordon (responding as an individual)
Head of Public Health Observatory Division
NHS Health Scotland
Glasgow
0141 300 1012
