Dear Mr Thompson,

**DRAFT GLASGOW COMMONWEALTH GAMES BILL**

With reference to your letter of 2<sup>nd</sup> July consulting on the draft Bill the only comments that I have received to date are as undernoted:-

1. With regard to the proposal to prohibit unauthorised advertising or outdoor trading within the vicinity of Games venues, the definition of "Games event" does not appear to include training camps and it might be wise to extend the prohibition to cover activities in their vicinity as well.
2. Similarly with ambush marketing the proposals to deal with the second type of ambush marketing are also confined to activities within the vicinity of Games venues but it might be worth extending the controls to training camps.
3. "Within the vicinity of Games venues" – there does not appear to be a definition of this and the Bill might benefit from greater certainty as to what this means.

If I receive any further comments to pass on to you before the deadline I will get back in touch. In the meantime I hope the foregoing is useful.

Yours sincerely,

David Currie
