

HOLM COMMUNITY COUNCIL

29 Ardhalm Place
Inverness
IV2 4QG

[REDACTED]
07798715001

27th March 2008

Development Management Consultation
Planning Directorate
Scottish Executive.

The summary was discussed at our last meeting on 4th March 2008.

Holm C.C. deals almost non-stop with planning applications situated as we are on the edge of Inverness. We saw Tesco's appeal dismissed recently and now face applications for about one thousand houses in an area without infrastructure, so planning procedures are very important to us.

I think we work well with the planning authority and we are pleased that neighbour notification will be carried out by the Planning Department and not left to developers. We do also hope that any consultation by developers will be carried out in partnership with the Planning Department to avoid coercion of community councillors and to ensure advice on planning law is available.

These were the main points.

Steven Rodger
Chairman.
