Dear Ms Ferguson

Local Healthcare Bill: Consultation Document

The consultation document on the Government's proposed Local Healthcare Bill was considered by Dundee City Council's Policy and Resources Committee on Monday 24 March 2008. The Committee agreed that the Council's response to the consultation document should:

- i) support the principle of encouraging greater public and patient involvement in the planning and delivery of local health services and the greater democratisation of the NHS
- ii) express concern that the introduction of direct elections to NHS Boards would be costly and divert resources from frontline services
- iii) support the strengthening of existing policies to ensure that the views of local communities are heard effectively
- iv) suggest that increasing the number of elected members nominated by local authorities to health boards would be a cost effective way of increasing democratic accountability in the NHS

Yours sincerely

Chief Executive
