

Good morning Howard,
I would like to add my support to your proposals for the marine reserve and NTZ as documented. As you know we in Educational Services have taken much pleasure in distributing the COAST DVDs to ALL of our schools to educate North Ayrshire's children on the outstanding environment they have on their doorstep. Many of our schools have used this resource to raise the profile of the Arran seabed area to promote biodiversity, environmental protection and debate. As we continue to develop the Curriculum for Excellence through contextual learning with real world value it would be a definite backward step and contrary to Curriculum for Excellence philosophy of promoting responsible citizens if the marine environment were to be destroyed in any way.

Kind regards
Eleanor
