CONSULTATION ON PROPOSED MARINE RESERVE IN LAMLASH BAY:

Question 1: Do you *agree* or *disagree* with the proposal to establish a Marine Reserve in Lamlash Bay?

I am fully in agreement with the proposal for the Marine Reserve . ……

Question 2: Do you think there would be any a) *positive* and b) *negative* implications should a Marine Reserve be established in Lamlash Bay?

I consider there to be only positive implications should the marine reserve be established. ……

……

Question 3: Are there any *other points* which you would like to make in relation to the proposed Lamlash Bay Marine Reserve?

This proposal should be implemented fully in order to afford the greatest opportunity for a successful outcome. Schemes of this type are long overdue, & in view of the success of similar schemes elsewhere, there should be no question about implementing it as soon as possible. It is a case of affording a secure and sustainable future for present and future generations and not taking the blinkered attitude of short term greed. ……..
