CONSULTATION ON PROPOSED MARINE RESERVE IN LAMLASH BAY:

Question 1: Do you *agree* or *disagree* with the proposal to establish a Marine Reserve in Lamlash Bay?

I agree with the proposal to establish a Marine Reserve in Lamlash Bay.

Question 2: Do you think there would be any a) *positive* and b) *negative* implications should a Marine Reserve be established in Lamlash Bay?

I think there will be only positive implications should a Marine Reserve be established in Lamlash Bay.

Question 3: Are there any *other points* which you would like to make in relation to the proposed Lamlash Bay Marine Reserve?

I strongly believe if the Marine Reserve in Lamlash Bay is established there will be positive proof that the marine life will regenerate and the almost sterile sea bed will re-establish itself, the proof being that fish and other marine creatures will be very much in evidence.
