Dear Ms Daddow

TOLLED BRIDGES REVIEW - PHASE TWO CONSULTATION: APRIL 2005

I refer to the above subject and the request for comments on the consultation document.

This subject was debated at the Inverclyde Council meeting of Thursday 16 June 2005.

It was considered that tolling on the Erskine Bridge will have adverse effects with regard to financial and legal; economic; environmental; health and social issues, especially on the areas of the lower Clyde.

As a result, the Council agreed that tolling on the Erskine Bridge should end immediately.

Yours sincerely

Gerard Malone
