

QUESTIONS TO BE POSED.

1. Do you agree that new areas should be designated for Crofting?

I do agree that new areas should be designated for crofting.

2. Do you agree the new areas should align with those of Highland and Islands Enterprise?

If not, Why?

I do agree that the new areas should align with Highlands and Islands but there are areas in other parts of Scotland with Scot Ent that could benefit from creating new areas designated for crofting such as Dumfries and Galloway

3. Is there another area which has a stronger claim?

If so, Why?

No, but see comments above

4. Do you agree that Crofting Community Right to Buy should not be extended to the new areas?

yes

5. Any other comments?

We must ensure there are the skills in place to ensure the new entrants gain both the traditional skills that are required as well as new skills that will be required to ensure sustainability.

Lantra is working in partnership with the Crofters Foundation and the crofters commission to map these skills to produce a competence framework.

6. What is your background? (please tick)
