

Local Government Finance Circular No. 11/2011

By e-mail

Chief Executives and Directors of Finance of Scottish
Local Authorities

Chief Executive, Convention of Scottish Local Authorities
(COSLA)

Our ref: B5230313

8 December 2011

Dear Chief Executive/Director of Finance

LOCAL GOVERNMENT FINANCE SETTLEMENT 2012-15, AND CHANGES IN 2011-12

1. This Local Government Finance Circular provides details of the outcome for local authorities of Spending Review 2011 and the provisional total revenue and capital funding allocations for 2012-15. It also gives details of the Non Domestic Rate poundage and Distributable Amount for 2012-13. In addition, this circular also provides the latest information on current known redeterminations for 2011-12.

2. The provisional total funding allocations form the basis for the annual consultation between the Scottish Government and COSLA ahead of the Local Government Finance (Scotland) Order 2012 being presented to the Scottish Parliament in February 2012. COSLA is invited to respond to these provisional allocations in writing by **9 January 2012**. In submitting any comments, we expect local authorities to inform COSLA, and for COSLA in turn to inform the Scottish Government of any discrepancies in these distributions. Any redistribution to address any agreed discrepancies will be undertaken within the total settlement allocations set out in this Circular and not through the provision of any additional resources by the Scottish Government. The allocations are therefore only provisional at this stage and local authorities should not set their final budgets on the basis of these until the final allocations are confirmed following the end of the consultation period and the publication of the February 2012 Circular.

3. The Cabinet Secretary for Finance, Employment and Sustainable Growth wrote to COSLA on 21 September 2011 setting out the terms of the settlement to be provided to local government in return for the provisional funding allocations set out in this Circular. This has been re-affirmed in his letter to Council Leaders of 8 December 2011. The 2012-13

provisional allocations set out in this Circular assume that all councils will sign up to the package and therefore that the **full** amount (£10.468 billion) will be issued.

4. The allocations have been arrived at using the standard agreed distribution methodology. This is in line with the view reached by COSLA Leaders at their meeting of 18 November 2011. The Circular also includes a separate column for each year showing the additional resources the Scottish Government is providing to ensure each council receives at least 85% of the Scottish average revenue per capita allocation. As in previous years the final column in the tables at Annex B provides the amount of the Council Tax element, for illustrative purposes, which the Scottish Government plans to hold back under the terms of the Cabinet Secretary for Finance, Employment and Sustainable Growth's letter of 8 December 2011 to Council Leaders on the sign-off arrangements, set out on a council by council basis. The letter of 8 December 2011 also confirmed that if any council does not agree to the full package available then it will not receive its needs based share of the overall average revenue increase of 0.3%, but will instead have its allocation reduced by its needs based share of an average decrease of 5.2% (which is a package of resources worth in total £579 million across the whole of local government in each year of the three year settlement). This package of resources to be removed is made up of each council's needs based share of:

- £70 million to deliver a Council Tax freeze;
- £39 million which represents the £24m added to the 2012-13 settlement for teachers pay and the £15m added as part of the negotiations on the SNCT Teachers agreement in the 2011-12 settlement; and
- £470 million which is local authorities 49% share of the flat cash funding to be made available as a contribution to Police Boards to allow them to maintain the number of police officers on our streets.

5. By 20 December 2011 Council Leaders have been asked to write to the Cabinet Secretary for Finance, Employment and Sustainable Growth to say whether their Council agrees in principle to the terms set out in the 21 September and 8 December letters. If any Council Leader replies to say that their Council does not so agree, the full amount of the Council's needs based share of the £579 million sanction will be withdrawn from the overall local government settlement and redeployed by Scottish Ministers in the Budget Bill which will be laid before Parliament in January 2012.

6. In early February 2012, it is envisaged that the Budget Bill will complete its stages and be approved by Parliament. Very shortly after that, the Government will table the Local Government Finance (Scotland) Order 2012 setting out the formal allocations of the funding settlement for 2012-13, less the amount of holdback for the Council Tax freeze monies, and for those councils who have indicated they do not agree to the terms of the package; their relative share of the total resources to be removed from the settlement (equivalent to £579 million for the whole of local government).

7. By no later than 11 March 2012, but preferably by the end of February, (and ideally as soon as possible after they have set their budgets and announced their council tax rates for 2012-13), Council Leaders are asked to write again to the Scottish Government to provide a formal assurance that the budget approved by their Council includes provision to deliver across all of the specified commitments in the Cabinet Secretary for Finance, Employment and Sustainable Growth offer letters.

8. In mid-March 2012 the Government will table an amendment Order (to the Local Government Finance (Scotland) Order 2012), to pay out the full amount of the council tax holdback monies to all those councils whose Leaders have provided the assurance sought in the preceding paragraph. For those councils whose Leaders have not provided the required assurances, the amendment Order will not allocate the council tax holdback monies, but will remove the needs based shares of the remaining sanction monies for Teachers (£39 million) and Police funding (£470 million).

9. The figures in this Circular are necessarily provisional and any changes required will be discussed and agreed between the Scottish Government and COSLA, and included in the 2012 Order. Accordingly, if a council considers there are any errors or revisions that require to be addressed they should, in the first instance, contact COSLA immediately.

10. The various parts and annexes to this Circular, listed below, provide more of the detail behind the calculations.

Part A: Local Government Finance Settlement – Revenue: 2012-15 and changes in 2011-12;

Part B: Local Government Finance Settlement – Capital: 2012-15 and confirmation of 2011-12 figures; and

Part C: Non-Domestic Rates for 2012-13.

Annex A: All Scotland Aggregated Funding Totals 2011-15;

Annex B: Individual Revenue Allocations for 2012-13;

Annex C: Individual Revenue Allocations for 2013-14;

Annex D: Individual Revenue Allocations for 2014-15;

Annex E: Explanatory Notes on the Revenue Distribution;

Annex F: Individual Share of the Additional £70 million;

Annex G: Estimates of Ring-Fenced Grant Revenue Funding for 2012-15;

Annex H: Calculation of the main floor adjustment;

Annex I: Calculation of the new 85% floor adjustment;

Annex J: Redeterminations of Revenue funding for 2011-12;

Annex K: Individual Capital Grant Funding for 2012-13;

Annex L: Individual Capital Grant Funding for 2013-14;

Annex M: Individual Capital Grant Funding for 2014-15;

Annex N: Individual Capital Grant Funding for 2015-16 (reprofiling of SR11);

Annex O: Estimates of Ring-Fenced Grant Capital Funding for 2012-13; and,

Annex P Capital grants to local authorities in addition to the Settlement.

Part A: Local Government Finance Settlement - Revenue: 2012-15 and changes in 2011-12

11. This Finance Circular sets out the provisional distribution of revenue funding allocations for 2012-15. These are in line with the figures from the Scottish Spending Review 2011 and Draft Budget 2012-13 published on 21 September 2011, with addition of £0.950m in both 2012-13 and 2013-14 and £0.8m in 2014-15. **Annex A** of this Circular sets out the all-Scotland aggregate totals for 2012-15.

12. **Annex B, C, and D** set out the distribution of the total revenue funding allocation between councils and the allocation of the different elements (General Revenue Funding, Non-Domestic Rate Income and Ring-Fenced Revenue Grants) for each council for 2012-13, 2013-14, and 2014-15 respectively. The basis behind the grant distribution methodology as explained in Finance Circular 6/2007, has been retained as agreed with COSLA, and the

Scottish Government's new 85% floor is included at the end of this process. The explanatory notes contained in **Annex E** explain the basis behind the calculation of the individual council grant allocations.

13. **Annex F** sets out how the additional £70 million available to councils that choose to freeze their 2012-15 council tax levels at 2011-12 levels as part of the overall funding packages will be distributed.

14. **Annex G** gives a breakdown of the individual council shares of Ring-Fenced grant revenue allocations for 2012-15.

15. The calculation and effects of the main floor adjustment for 2012-15, which provides councils with a maximum *decrease* in funding of -1.2%/ -1.4%/ -1.4%, are set out in **Annex H**. The approach to the application of the main floor adjustment follows the precedent adopted for the 2008-11 settlement.

16. **Annex I** sets out a description of the mechanism by which the Scottish Government has implemented its commitment to introduce a new funding floor to ensure that no local authority receives less than 85% of the Scottish average revenue support.

17. This Local Government Finance Circular provides details of current known redeterminations at **Annex J** for the General Revenue Grant. The final redetermination allocations for 2011-12 will be included in the Local Government Finance (Scotland) Order 2012.

18. The methodology for calculating Loan Charge Support (LCS) and support for Public Private Partnership (PPP) projects (level playing field projects only (LPFS)) is set out in Annex H of Finance Circular 2/2011. Based on the latest available loans fund data (as received from authorities in the 2010-11 Final Capital Returns), the interest rate applied to calculate LCS for 2012-15 is 4.819%. The total amounts included for loan charge support and PPP support are included in the revenue figures in **Annex A** and column 3 of **Annex B**.

Part B: Local Government Finance Settlement – Capital Grants 2012-16, and confirmation of 2011-12 figures

19. The Local Government settlement includes a total of £1.940 billion of capital grants. As agreed with COSLA the payment of these grants will be spread over four years rather than three. £120 million has been moved from 2012-13 to 2014-15, and £100 million has been moved from 2013-14 to 2015-16.

20. This Finance Circular sets out the provisional distribution of capital funding to local authorities for 2012-16. These are in line with the figures from the Scottish Spending Review 2011 and Draft Budget 2012-13 published on 21 September 2011. **Annex A** of this Circular sets out the all-Scotland aggregate totals for 2012-15.

21. **Annexes K, L, M and N** set out the provisional distribution of the General Capital Grant and Specific Capital Grants included in the settlement for each council for 2012-13 to 2015-16 respectively. Capital grants which remain undistributed are identified as such. The methodologies used to calculate these provisional allocations have been agreed with COSLA. The figures for 2015-16 show only the allocation of the £100 million for re-profiling, at this stage.

22. **Annex O** provides details of the grants that make up the total Specific Capital Grants for 2012-13 and their distribution to local authorities.

23. The capital grants for 2011-12 remain as set out in Finance Circular 4/2011.

24. **Annex P** provides information on the support that has been provisionally agreed for local authorities outside of the settlement for 2011-12 to 2014-15. This includes grants to Comhairle nan Eilean Siar and Orkney Islands Council in support of their schools programmes, and specific capital grants to be provided in support of the Scotland's Schools for the Future programme. The annex shows the amounts provisionally agreed with an amount still to be allocated.

Part C: Non-Domestic Rates for 2012-13

25. The Distributable Amount of Non-Domestic Rate Income for 2012-13 has been set at £2,263 million. This figure uses the latest forecast of net income from non-domestic rates in 2012-13 and will also draw on council estimates of the amounts they will contribute to the Pool from non-domestic rate in 2011-12. Included in the estimated figure is a calculation of gross income, expected losses from appeals and estimated expenditure on mandatory and other reliefs as well as write-offs and provision of bad debt. As proposed under the Business Rates Incentivisation Scheme the distribution of Non-Domestic rates income for 2012-13 will match the shares based on the 2011-12 mid-year estimates provide by councils rather than distributed on the basis of population, as was the case up to and including 2010-11. General Revenue Grant, as it has done previously, will continue to provide the balance of funding. This change provides a clearer presentation and greater transparency in how councils are actually funded.

26. The 2012-13 Non-Domestic Rate poundage rate will be set following confirmation of the English equivalent rate (the multiplier). The Scottish Government has committed that the Scottish poundage will not rise above the English multiplier during this Parliament. It is expected, given that September RPI was 5.6%, that the English rate will rise by the same amount and that the 2012-13 poundage rate will be around 45.0p.

27. The Small Business Bonus Scheme thresholds will remain the same and offer the same percentage relief as in 2011-12. The table below contains the 2012-13 thresholds.

Combined rateable value (RV) of all business properties in Scotland:	2012-13
Up to £10,000	100%
£10,001 to £12,000	50%
£12,001 to £18,000	25%
£18,001 to £25,000	25% on each individual property with a rateable value not exceeding £18,000*

*This will allow a business with 2 or more properties with a cumulative rateable value of under £25,000 to qualify for relief at 25% on individual properties with a RV up to £18,000.

Enquiries relating to this Circular

28. It should be noted that a few of the figures in this Circular may be marginally different because of the roundings. Local authorities should note that if they have any substantive

specific enquiries relating to this Circular these should in the first instance be addressed through COSLA. We have given an undertaking to COSLA to respond to these queries as quickly as possible. Contact details for COSLA are:

Brenda Campbell
0131 474 9229
Brenda@cosla.gov.uk

Any other queries should be addressed to the following:

Local Government Finance Settlement (Revenue)
Bill Stitt 0131 244 7044
bill.stitt@scotland.gsi.gov.uk

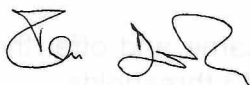

Local Government Finance Settlement (Capital)
Simon Stone 0131 244 7950

The explanation of each of the columns within the tables at Annex B, C, and D is as follows:

Column 1 – represents the updated ongoing service provision and includes the following combined information: (i) the updated Grant Aided Expenditure (GAE) assessments; (ii) the revised Special Islands Needs Allowance (SINA); (iii) each council's individual share of the ongoing revenue grants which have been rolled up into the core local government finance settlement; (iv) each council's share of all the baselined redeterminations since Spending Review 2007; (v) the shares of both the £280 million for the council tax freeze over the period 2008-12 and the £70 million for the council tax freeze in 2012-13.

Column 2 – is the new combined total, non-ring-fenced, changes in general provision resulting from Spending Reviews 2007, 2010, 2011, and allocated pro-rata to each council's share of GAE plus SINA.

Column 3 – represents the updated share of the loan charges support for outstanding and new debt and the same level of ongoing PPP level playing field support.

Column 4 – is the main floor adjustment which has been calculated as in previous years by excluding PPP level playing field support. The amount of the ongoing revenue grants which have been rolled up into the core local government finance settlement and the council tax freeze amounts were also excluded on the grounds of stability.

Column 5 – this is the net revenue expenditure recognised by the Scottish Government and represents the sum of columns 1 to 4.

Column 6 – is the assumption of the amount of Total Estimated Expenditure to be funded from the council tax. Any changes are as a result of buoyancy or projected numbers of properties.

Column 7 – is each council's share of the ongoing Ring-Fenced revenue grants.

Column 8 – is each council's share of the estimated non-domestic rate income which has been distributed proportionately on the basis of council's 2011-12 mid-year income returns net of prior year adjustments.

Column 9 – is the balance of funding provided by means of general revenue funding and is calculated by deducting columns 6, 7 and 8 from the Total Estimated Expenditure in column 6.

Column 10 – represents the total revenue funding available to each council in that year assuming that Councils accept the full package agreed with COSLA's Leadership.

Column 11 – is the 85% floor adjustment which has been calculated at the end of the process to meet the Scottish Government's commitment to ensure that no Local Authority receives less than 85% of the Scottish average in terms of revenue support. Further explanation of the 85% floor is at Annex I.

Column 12 – this revised total column shows the total at column 10 and includes the share of the 85% floor adjustment.

Column 13 - the final column shows the amount, for illustrative purposes, which the Scottish Government plans to holdback under the terms of the offer letter, set out on a council by council basis. This has been distributed using the same underlying methodology as was used in calculating the actual settlement.

Details of the allocation of additional resources to meet the Scottish Government’s commitment to introduce a new floor to ensure that no Local Authority receives less than 85% of the Scottish average in terms of revenue support are set out in the relevant tables at Annex B, C, and D.

For similar reasons to the introduction of the 85% minimum floor, the Scottish Government has applied a notional ceiling to the formula of 115% to exclude the outlying per capita allocations which would otherwise distort the calculation of the average per capita allocation. This has no impact to the actual funding to those councils with higher per capita levels, rather it is a notional adjustment for the purposes of the mechanism for calculating the Scottish average.

Under this mechanism the cost of implementing the 85% floor is £18/£19/£18 million across the 2012-15 settlement period. While this meets the 85% floor commitment, the per capita allocations to the local authorities in receipt of the additional support would still have been significantly below the next lowest council’s per capita allocation. In recognition of this, Scottish Ministers have decided that the remaining budget provision set aside to implement the policy (£7/£6/£7 million) should be distributed equitably between the councils affected on the basis of their relevant population shares.

As with the original floor, the allocations for the 85% funding floor have been set for the three years of 2012-15 settlement period and will not be reopened to reflect any future changes in councils’ allocations.
