

## CONSULTATION QUESTIONS

**Q. 2 Can you give examples, either locally or nationally, of what you think has worked well over the last 10 years of *The same as you?***

Please provide any comments and/or examples here

I think the youth group I am in with Interest link works very well, the commitment isn't too big and easy to manage and it is always for everyone, the young people and the per mentors.

### Good Practice - Individuals

**Q.5 What have you done, as an individual, to make positive changes within your local area?**

Please provide any comments and/or examples here

I have been volunteering with Interest link for a few years, I first joined the group of young people as a per mentor, and now have a one to one link with a young individual with a learning disability who I meet up with every couple of weeks to go to the cinema or have a coffee with. I am also a part of "motovators" a youth group in interest link, of young people with learning disabilities and per mentors. We do all kinds of activities and ~~form~~ a function just like a group of friends would, and you can see every confidence build, and a lot of fun is had.

## Future Priorities

**Q.10 What future priorities do we need to focus on?  
(Please list these in order of importance with the most important first)**

Please provide any comments and/or examples here

To keep these groups and activities going, as it builds so much confidence in people with learning disabilities and also the people working with them.

**Thank you for taking the time to respond to the questionnaire. Your continued input and support is vital in ensuring that we continue to close the inequality gap that people with a learning disability face daily.**

**All completed questionnaires should be returned to Sarah Grant either by e-mail or at the address below. The closing date for responses is 30<sup>th</sup> September 2012.**
