I draw your attention to the above document for which you have been identified as lead officer, involving other Council Services as appropriate, for the purposes of the Council's consultation exercise and response. I would be grateful if you would complete the appropriate pro-forma as soon as possible to confirm that the preparation of a response has begun. Please forward the completed response to the relevant agency, with a copy to myself for information. Unless the consultation document has been submitted to a Committee of the Council it will be assumed, unless advised otherwise, that the response is a public document and will be issued with the Information Bulletin papers.

If it is considered that a nil return is appropriate, the consulting agency should be advised accordingly.

For your convenience, all pro-forma to be used in this consultation process and the procedure guidance notes can be accessed on the Council's Intranet (eric) under <http://eric/C2/Corporate%20Consultation%20Registe/default.aspx>.

Many thanks for your assistance.
