Dear Professor Morris,

Thank you for your letter of the 30 June, 2014 with regards to the new Scottish Government Health Research Strategy which was launched for consultation.

At this stage of development South Lanarkshire Council, Social Work Resources do not have any specific comments to make on the paper. However, we are always supportive of any enhancements through Research that the NHS makes, for the delivery of better patient care.

Please do not hesitate to contact me if I can be of further assistance.

Yours sincerely
