PLEASE READ THESE PAGES BEFORE STARTING THE FOOD DIARY

We would like you to record in this diary **everything your child eats and drinks**, at meal times and in between, day and night for **4 days**. Please include all food and drink consumed **at home and outside the home**.

Time spent in the care of others

If your child spends time in the care of others during the recording period then we would really appreciate if those carers (e.g. childminder, friend) would provide details of the food and drink consumed. For this purpose you have been given a letter to pass on to carers. Wherever possible, carers should record in the diary and only use the separate food and drink recording sheets where you feel it is necessary. Please keep all separate sheets safe and return them with the diary.

Please provide the following information for each day of recording:

Day and Date

Please record the day and date at the top of the page in the space provided each time you start a new day.

Time Slots

Please note the time of each eating occasion in the space provided.

Where and who else is eating with your child?

Please tell us what room or **part of the house** your child was in when eating or drinking, e.g. kitchen, and tell us whether s/he **ate at a table or not** and with the **television on or off**. If s/he was sitting in a high chair, tell us whether the high chair was at the table or not. If s/he ate outside the home please write that location down. We would also like to know **who your child shared meals with**, e.g. whether s/he ate alone, with parents or siblings.

What does your child eat and drink?

Please describe the food and drink your child ate in as much detail as possible. Include all meals and all snacks. Be as specific as you can. Pages 26-31 in the instruction booklet will help with the sort of detail we need, like **cooking methods** (fried, grilled, baked etc) and any **additions** (fats, sugar/sweeteners, sauces etc).

Recipes/Homemade dishes

If your child has eaten any **homemade dishes** e.g. chicken casserole, please record the name of the recipe, ingredients with amounts (including water or other fluids) for the whole recipe, the number of people the recipe is for, and the cooking method. Write this down in the recipe section for each food record day. Record the quantity of the recipe you served your child in the quantity served column and the quantity leftover in the leftover column.

Take-aways and eating out

If your child has eaten **take-aways** or **made up dishes not prepared at home** such as at a cafe or friend's house, please record as much detail about the ingredients as you can e.g. spaghetti with mince, onion and tomato sauce.

Brand name

Please note the **brand name** (if known). Most packed foods will list a brand name, e.g. Cow & Gate Baby Balance Fisherman's Bake or ASDA own brand.

- ❑ **Labels/Wrappers** Labels are an important source of information for us. It helps us a great deal if you enclose, in the plastic bag provided, labels from all **ready prepared meals**, labels from **foods of lesser known brands** and also from any **supplements** your child takes.

Portion sizes

We would like to know the quantity or portion size you **served** your child and the quantity of food or drink **leftover**. Please record in the quantity served and quantity leftover columns. For example, mashed banana: 2 tablespoons (served); 1 teaspoon (leftover). **If there are no leftovers, please enter 'NONE' in the quantity leftover column.** See diary examples on pages 5-14.

For drinks, quantity can be described using:

- the **volume** (e.g. 150ml) or **size of cup** (e.g. large). Specific questions about your child's drinking habits are asked on pages 15-17.
- **volumes from labels** (e.g. 200ml Aptamil Extra Readymade milk).

For foods, quantity can be described using:

- **household measure** e.g. one level teaspoon of sugar, two thick slices of bread, 4 heaped tbsp of peas, ¼ pint of gravy. Be careful when describing amounts in spoons that you are referring to the correct spoon size. Compare the spoons you use with the life size photos on page 48.
- **weights from labels** - use the weight marked on canned or packet foods, e.g. quarter of a 420g tin of baked beans, one 60g pot of yoghurt.
- **number of items**, e.g. 1 baby rice cake, 2 fish fingers, 2 pieces of chicken nuggets, 1 regular size jam filled doughnut, 10 peas.
- **fruit** - indicate whether the piece of fruit is small, medium or large and portion size of the fruit eaten e.g. 1 segment of a large orange, ½ a medium banana.

For breast milk, quantity can be described as:

- the **duration** in minutes (see example on page 6 of the instruction booklet) or the **volume** if the milk has been expressed (see example on page 8 of the instruction booklet). Where breast milk has been expressed please record 'E' at the side of the volume.

Examples and advice about how to describe the **quantity** or **portion size** your child had of a particular food or drink are shown on pages 25-30 of the instruction booklet.

Was it a typical day?

After each day of recording you will be prompted to tell us if this was a typical day and if there were any reasons why your child consumed more or less than usual.

Supplements

Please record brand name, full name of supplement, strength and the amount taken for each day in the food diary.

When to fill in the diary

Please record what your child ate, at the time of eating, rather than from memory at the end of the day. Use written notes on a pad if you forget to take the diary with you.

Overleaf you can see 2 days that have already been filled in. These examples show you how we would like you to record your child's food and drink.

It only takes a few minutes for each eating occasion!

Thank you for your time – we really appreciate it!

Thank you for completing this diary.

MEASURING UP

Children are completely individual and have their own food likes and dislikes. In order for us to get an accurate representation of what your child eats and drinks we are making some suggestions of ways to record your child's food and drink. **Please compare your spoons with those in the photographs.**

If you have any queries about how to complete the diary please contact a member of the Blue Team at NatCen on freephone **0800 652 4572** between 8.30am-5.30pm

PLEASE READ THESE PAGES BEFORE STARTING THE FOOD DIARY

We would like you to record in this diary **everything your child eats and drinks**, at meal times and in between, day and night for **4 days**. Please include all food and drink consumed **at home and outside the home**.

Time spent in the care of others

If your child spends time in the care of others during the recording period then we would really appreciate if those carers (e.g. childminder, friend) would provide details of the food and drink consumed. For this purpose you have been given a letter to pass on to carers. Wherever possible, carers should record in the diary and only use the separate food and drink recording sheets where you feel it is necessary. Please keep all separate sheets safe and return them with the diary.

Please provide the following information for each day of recording:

Day and Date

Please record the day and date at the top of the page in the space provided each time you start a new day.

Time Slots

Please note the time of each eating occasion in the space provided.

Where and who else is eating with your child?

Please tell us what room or **part of the house** your child was in when eating or drinking, e.g. kitchen, and tell us whether s/he **ate at a table or not** and with the **television on or off**. If s/he was sitting in a high chair, tell us whether the high chair was at the table or not. If s/he ate outside the home please write that location down. We would also like to know **who your child shared meals with**, e.g. whether s/he ate alone, with parents or siblings.

What does your child eat and drink?

Please describe the food and drink your child ate in as much detail as possible. Include all meals and all snacks. Be as specific as you can. Pages 25-30 in the instruction booklet will help with the sort of detail we need, like **cooking methods** (fried, grilled, baked etc) and any **additions** (fats, sugar/sweeteners, sauces etc).

Recipes/Homemade dishes

If your child has served any **homemade dishes** e.g. chicken casserole, please record the name of the recipe, ingredients with amounts (including water or other fluids) for the whole recipe, the number of people the recipe is for, and the cooking method. Write this down in the recipe section for each food record day. Record the quantity of the recipe you served your child in the quantity served column and the quantity leftover in the leftover column.

Take-aways and eating out

If your child has served **take-aways** or **made up dishes not prepared at home** such as at a cafe or friend's house, please record as much detail about the ingredients as you can e.g. spaghetti with mince, onion and tomato sauce.

Brand name

Please note the **brand name** (if known). Most packed foods will list a brand name, e.g. Cow & Gate Baby Balance Fisherman's Bake or ASDA own brand.

- ❑ **Labels/Wrappers** Labels are an important source of information for us. It helps us a great deal if you enclose, in the plastic bag provided, labels from all **ready prepared meals**, labels from **foods of lesser known brands** and also from any **supplements** your child takes.

Portion sizes

We would like to know the quantity or portion size you **served** your child and the quantity of food or drink **leftover**. Please record in the quantity served and quantity leftover columns. For example, mashed banana: 2 tablespoons (served); 1 teaspoon (leftover). **If there are no leftovers, please enter 'NONE' in the quantity leftover column.** See diary examples on pages 5-14.

For drinks, quantity can be described using:

- the **volume** (e.g. 150ml) or **size of cup** (e.g. large). Specific questions about your child's drinking habits are asked on 15-17.
- **volumes from labels** (e.g. 200ml Aptamil Extra Readymade milk).

For foods, quantity can be described using:

- **household measure** e.g. one level teaspoon of sugar, two thick slices of bread, 4 heaped tbsp of peas, ¼ pint of gravy. Be careful when describing amounts in spoons that you are referring to the correct spoon size. Compare the spoons you use with the life size photos on page 48.
- **weights from labels** - use the weight marked on canned or packet foods, e.g. quarter of a 420g tin of baked beans, one 60g pot of yoghurt.
- **number of items**, e.g. 1 baby rice cake, 2 fish fingers, 2 pieces of chicken nuggets, 1 regular size jam filled doughnut, 10 peas.
- **fruit** - indicate whether the piece of fruit is small, medium or large and portion size of the fruit served e.g. 1 segment of a large orange, ½ a medium banana.

For breast milk, quantity can be described as:

- the **duration** in minutes (see example on page 6 of the instruction booklet) or the **volume** if the milk has been expressed (see example on page 8 of the instruction booklet). Where breast milk has been expressed please record 'E' at the side of the volume.

Examples and advice about how to describe the **quantity** or **portion size** your child had of a particular food or drink are shown on pages 25-30 of the instruction booklet.

Was it a typical day?

After each day of recording you will be prompted to tell us if this was a typical day and if there were any reasons why your child consumed more or less than usual.

Supplements

Please record brand name, full name of supplement, strength and the amount taken for each day in the food diary.

When to fill in the diary

Please record what your child ate, at the time of eating, rather than from memory at the end of the day. Use written notes on a pad if you forget to take the diary with you.

Overleaf you can see 2 days that have already been filled in. These examples show you how we would like you to record your child's food and drink.

It only takes a few minutes for each eating occasion!

Thank you for your time – we really appreciate it!

MEASURING UP

Children are completely individual and have their own food likes and dislikes. In order for us to get an accurate representation of what your child eats and drinks we are making some suggestions of ways to record your child's food and drink. **Please compare your spoons with those in the photographs.**

If you have any queries about how to complete the diary please contact a member of the Blue Team at NatCen on freephone **0800 652 4572** between 8.30am-5.30pm.

PLEASE READ THESE PAGES BEFORE STARTING THE FOOD DIARY

We would like you to record in this diary **everything your child eats and drinks**, at meal times and in between, day and night for **4 days**. Please include all food and drink consumed **at home and outside the home**.

Time spent in the care of others

If your child spends time in the care of others during the recording period then we would really appreciate if those carers (e.g. childminder, friend) would provide details of the food and drink consumed. For this purpose you have been given a letter to pass on to carers. Wherever possible, carers should record in the diary and only use the separate food and drink recording sheets where you feel it is necessary. Please keep all separate sheets safe and return them with the diary.

Please provide the following information for each day of recording:

Day and Date

Please record the day and date at the top of the page in the space provided each time you start a new day.

Time Slots

Please note the time of each eating occasion in the space provided.

Where and who else is eating with your child?

Please tell us what room or **part of the house** your child was in when eating or drinking, e.g. kitchen, and tell us whether s/he **ate at a table or not** and with the **television on or off**. If s/he was sitting in a high chair, tell us whether the high chair was at the table or not. If s/he ate outside the home please write that location down. We would also like to know **who your child shared meals with**, e.g. whether s/he ate alone, with parents or siblings.

What does your child eat and drink?

Please describe the food and drink your child ate in as much detail as possible. Include all meals and all snacks. Be as specific as you can. Pages 26-31 will help with the sort of detail we need, like **cooking methods** (fried, grilled, baked etc) and any **additions** (fats, sugar/sweeteners, sauces etc).

Recipes/Homemade dishes

If your child has served any **homemade dishes** e.g. chicken casserole, please record the name of the recipe, ingredients with amounts (including water or other fluids) for the whole recipe, the number of people the recipe is for, and the cooking method. Write this down in the recipe section for each food record day. Record the quantity of the recipe you served your child in the quantity served column and the quantity leftover in the leftover column.

Take-aways and eating out

If your child has eaten **take-aways** or **made up dishes not prepared at home** such as at a cafe or friend's house, please record as much detail about the ingredients as you can e.g. spaghetti with mince, onion and tomato sauce.

Brand name

Please note the **brand name** (if known). Most packed foods will list a brand name, e.g. Cow & Gate Baby Balance Fisherman's Bake or ASDA own brand.

- **Labels/Wrappers** Labels are an important source of information for us. It helps us a great deal if you enclose, in the plastic bag provided, labels from all **ready prepared meals**, labels from **foods of lesser known brands** and also from any **supplements** your child takes.

Portion sizes

We would like to know the quantity or portion size you **served** your child and the quantity of food or drink **leftover**. Please record in the quantity served and quantity leftover columns. For example, mashed banana: 2 tablespoons (served); 1 teaspoon (leftover). **If there are no leftovers, please enter 'NONE' in the quantity leftover column.** See diary examples on pages 6-25.

For drinks, quantity can be described using:

- the **volume** (e.g. 150ml) or **size of cup** (e.g. large). Specific questions about your child's drinking habits are asked on diary pages 15-16.
- **volumes from labels** (e.g. 200ml Aptamil Extra Readymade milk).

For foods, quantity can be described using:

- **household measure** e.g. one level teaspoon of sugar, two thick slices of bread, 4 heaped tbsp of peas, $\frac{1}{4}$ pint of gravy. Be careful when describing amounts in spoons that you are referring to the correct spoon size. Compare the spoons you use with the life size photos on pages 32-33.
- **weights from labels** - use the weight marked on canned or packet foods, e.g. quarter of a 420g tin of baked beans, one 60g pot of yoghurt.
- **number of items**, e.g. 1 baby rice cake, 2 fish fingers, 2 pieces of chicken nuggets, 1 regular size jam filled doughnut, 10 peas.
- **fruit** - indicate whether the piece of fruit is small, medium or large and portion size of the fruit served e.g. 1 segment of a large orange, $\frac{1}{2}$ a medium banana.

For breast milk, quantity can be described as:

- the **duration** in minutes (see example on page 6) or the **volume** if the milk has been expressed (see example on page 8). Where breast milk has been expressed please record 'E' at the side of the volume.

Examples and advice about how to describe the **quantity** or **portion size** your child had of a particular food or drink are shown on pages 26-31.

Was it a typical day?

After each day of recording you will be prompted to tell us if this was a typical day and if there were any reasons why your child consumed more or less than usual.

Supplements

Please record brand name, full name of supplement, strength and the amount taken for each day in the food diary.

When to fill in the diary

Please record what your child ate, at the time of eating, rather than from memory at the end of the day. Use written notes on a pad if you forget to take the diary with you.

Overleaf you can see 4 days that have already been filled in. These examples show you how we would like you to record your child's food and drink.

It only takes a few minutes for each eating occasion!

Thank you for your time – we really appreciate it!

MEASURING UP

Children are completely individual and have their own food likes and dislikes. In order for us to get an accurate representation of what your child eats and drinks we are making some suggestions of ways to record your child's food and drink. **Please compare your spoons with those in the photograph.**

NATIONAL INFANT DIET AND HEALTH STUDY

To whom it may concern

..... is taking part in the National Infant Diet and Health Study funded by the Department of Health (DH) and the Food Standards Agency (FSA). The survey involves collecting information on the eating habits and nutritional status of children aged 4-18 months in the UK. As part of the study, parents of the participants are keeping a diary of ALL food and drink consumed over a period of 4 days without changing their typical diet.

We would be very grateful if you could find time to help record in the diary, on behalf of the child named above, details of any food or drink consumed whilst s/he is in your care. There are instructions at the front of the diary, an instruction booklet as well as examples of the sort of detail required and help with describing amounts. The most important thing, however, is that every item of food or drink gets written down along with how much was eaten. Remember to take into account any leftovers or spillages.

Thank you so much for assisting us by recording this information and, by doing so, you will be contributing to the study's success.

If you have any questions, please do not hesitate to contact me on the telephone number below.

The 14 day Breast milk diary.....	138-151

If you have any queries about how to complete the diary please contact a member of the Dietary Assessment team on 01223 426356

PLEASE READ THESE INSTRUCTIONS BEFORE COMPLETING THE BREAST MILK DIARY

We would like you to record in this diary **every breast milk feed** you give your child. Please note: this diary is for **breast milk only**. You do not need to record other milks or feeds given to your child.

Please provide the following information for each day of recording:

Day and Date

Please record the day and date at the top of the page in the space provided each time you start a new day.

Time Slots

Please note the time of each breast milk feed in the space provided.

Where

Please provide detail of where you were at each breast milk feed.

Duration or volume

- If you are feeding your child **directly from the breast** please record the duration of each breast feed in minutes in the space provided.
- If you have **expressed breast milk** to feed your child then please record the volume (in fluid ounces or millilitres) of breast milk taken by your child, followed by '(E)', in the space provided. See example on page 5.

On page 5 you can see an example of a day that has already been filled in.

When to fill in the diary:

Please record each breast milk feed, at the time, rather than from memory at the end of each day. Use written notes on a pad if you forget to take the diary with you. **If for any reason you miss a breast milk feed(s), please continue with the diary and record as a partial day of recording at the end of the diary day.**

<p>This data is important for us to interpret the results from the breast milk intake part of the survey. It is important that you continue recording until the end of the 14 day period.</p>

Thank you for your time, we really appreciate it!
