FOREWORD

This document lists all appointments made by the Scottish Ministers to Executive and Advisory non-departmental public bodies, Nationalised Industries, Public Corporations and Scottish NHS bodies as at 1 December 1999. It provides information on the terms of appointment, the occupation of appointees, their place of residence and remuneration where appropriate.

The information is published in accordance with the recommendations of the First Report of the Committee on Standards in Public Life (the Nolan, now Neill Committee) which are enshrined in the Commissioner for Public Appointments' Code of Practice. A portable document format (pdf) version of this report is available on the Scottish Executive website at www.scotland.gov.uk. Further information on each body listed in this Report can be found in the annual Cabinet Office publication *Public Bodies*, the latest edition of which was published on 16 December 1999. A copy can be found on the Cabinet Office website at www.cabinet-office.gov.uk.

Under the Commissioner's Code of Practice, appointments to all the bodies covered by this Report must be subject to independent scrutiny. The names of the Independent Advisers who have been appointed to carry out this task are listed in Appendix A. Appointments to the Scottish NHS Bodies are scrutinised by the fully independent Health Appointments Advisory Committee, details of which are provided at Appendix B.
